NATIONWIDE REPRESENTATION

Over the last 8 years, we've secured more than \$800 million for our clients. We fought medical device manufacturers that didn't properly design and test products before bringing them to market. We fought unsafe trucking companies and irresponsible VA hospitals. We fought nursing homes that put profits over patient safety and insurance companies that refused to treat people fairly.

We won.

We welcome the opportunity to work on a case with you.

We handle cases across Georgia and throughout the United States.

LEADERSHIP ROLES

Multiple BBGA Attorneys Serve in National and State-Wide Leadership Positions

[Senior Firm Shareholder Henry Garrard](#) serves as co-lead counsel for all the Transvaginal Mesh MDL mass accumulation of over 105,000 cases. He also serves on the National Executive Committee in Los Angeles, California for litigation involving talc exposure leading to ovarian cancer in women. He is co-lead counsel in the Physi-omesh multi-district litigation pending in Atlanta. Additionally, he is currently appointed by the court as co-lead counsel in the consolidation of 6,000 hernia mesh cases in Massachusetts and court-appointed, co-lead counsel in Rhode Island for 10,000 cases pending against C.R. Bard.

[Firm Shareholder Drew Hill](#), appointed by Governor Brian Kemp for a second term, serves on the Judicial Nominating Commission.

[Firm Shareholder Jim Matthews](#) is actively involved in the pelvic mesh and hernia mesh litigation. He is co-lead counsel in the C.R. Bard hernia mesh consolidated litigation in Rhode Island, was lead counsel in the Atrium C-Qur hernia mesh litigation in state court in New Hampshire and was state court liaison to the New Hampshire federal court C-Qur multi-district litigation. He had active roles during the discovery, deposition, and pre-trial stages of the Ethicon/Johnson & Johnson Physiomesh hernia mesh multi-district litigation in Atlanta (which was settled before trial) and the C.R. Bard pelvic mesh MDL in federal court in Charleston, West Virginia (which settled after a win for his client in the first bellwether trial).

[Firm Shareholder Sara Schramm](#) is currently appointed in the Northern District of Florida to plaintiff leadership on the 3M Combat Arms Earplug Litigation in federal multi-district litigation and she serves on the Early Vetting Subcommittee on behalf of her clients and all clients nationwide.

[Firm Shareholder Josh Wages](#) was appointed by the MDL Court to the Plaintiffs' Steering Committee for the multi-district litigation involving seven transvaginal mesh manufacturers – which combined are the largest medical device product liability MDL in U.S. history. Josh has also been instrumental in the firm's success at the forefront of the national litigation involving certain defective hernia mesh devices, including the Atrium C-QUR consolidated state court litigation in New Hampshire, the Ethicon Physiomesh MDL in the Northern District of Georgia, and the Covidien hernia mesh litigation which is consolidated in Massachusetts State Court.

DEFECTIVE PRODUCTS

SELECT CASES

\$3,500,000

PRODUCT LIABILITY/AUTO

Verdict for a mother and son who were involved in a rollover vehicle crash due to the instability of a General Motors vehicle, resulting in the woman being injured and her son's death.

\$3,000,000

PRODUCT LIABILITY/AUTO

A fuel system defect in a pick-up truck caused a fire resulting in severe burns and the death of an 80-year-old lady.

\$2,000,000

PRODUCT LIABILITY/BURNS

Verdict for the family of a 2-year-old who suffered burns when their pajama top erupted into flames near a fire source. The garment did not comply with federal flammability standards.

\$2,000,000

PRODUCT LIABILITY/MEDICAL DEVICE

Verdict in the first transvaginal mesh bellwether trial in the country.

\$1,400,000

PRODUCT LIABILITY/SEATBELT

A defective seatbelt unlatched during a collision. A child was ejected from an SUV and died.

MEDICAL MALPRACTICE

SELECT CASES

Confidential Settlement

MEDICAL MALPRACTICE

A seven-figure settlement against a rural Georgia hospital when a surgeon injured a patient during an ear, nose, and throat (ENT) procedure.

Confidential Settlement

MEDICAL MALPRACTICE/BIRTH INJURY

A confidential seven-figure settlement for a child who suffered a catastrophic brain injury due to a delay in delivering her.

Confidential Settlement

MEDICAL MALPRACTICE/HEART ATTACK

A confidential 7-figure settlement against a large hospital for failure to diagnose a heart attack in a timely manner.

\$10,850,000

MEDICAL MALPRACTICE/ANESTHESIA

A patient suffered respiratory arrest at the start of surgery and died.

\$9,000,000

MEDICAL MALPRACTICE/SURGERY

Claims involved significant neurologic injury to a child during post-surgical care.

\$5,500,000

MEDICAL MALPRACTICE/ANESTHESIA

A patient suffered brain damage following inadequate blood flow in the operating room.

\$4,000,000

MEDICAL MALPRACTICE/PARALYSIS

Failure to diagnose a spinal epidural abscess, which led to the patient's quadriplegia.

\$3,500,000

MEDICAL MALPRACTICE/CANCER

A radiologist and mobile radiology screening company failed to properly read a chest X-Ray and note the presence of a mass in the patient's lung, which later proved to be malignant. Because of the delayed diagnosis, the patient died of lung cancer.

SERVING FOR NEARLY 40 YEARS

MEDICAL MALPRACTICE

SELECT CASES CONTINUED ...

\$3,250,000

MEDICAL MALPRACTICE/STROKE

Failure to anticoagulate a patient with mechanical heart valve during elective surgical procedure.

\$3,230,000

MEDICAL MALPRACTICE/PARALYSIS

A U.S. Army Purple Heart Recipient was paralyzed due to a V.A. hospital's failure to diagnose a massive disc extrusion.

\$3,000,000

MEDICAL MALPRACTICE/SURGERY

Failure to adequately train for, prepare for, and perform minimally invasive heart surgery, resulting in vessel disruption and death.

\$2,900,000

MEDICAL MALPRACTICE/HOSPITAL

A tracheostomy tube was dislodged by a nurse and not inserted properly by a doctor. Brain damage resulted from a lack of oxygen. Settled during trial.

\$2,500,000

MEDICAL MALPRACTICE/PARALYSIS/V.A. Hospital

An honorably discharged veteran was paralyzed as a result of failure to diagnose spinal cord compression.

\$2,400,000

MEDICAL MALPRACTICE/PARALYSIS

Back surgery post-op care/paralysis. A spinal hematoma was not timely diagnosed, resulting in spinal cord damage and paralysis.

\$750,000

MEDICAL MALPRACTICE/V.A. HOSPITAL/BRAIN DAMAGE

Trial against a V.A. hospital after a surgery left the client with permanent brain damage.

CAR & TRACTOR-TRAILER WRECKS

SELECT CASES

Confidential Settlement

TRACTOR-TRAILER CRASH

An 8-figure confidential settlement in a trucking case involving a plaintiff who suffered amputations.

\$3,450,000

TRACTOR-TRAILER CRASH

A railroad engineer was killed when a train hit a tractor-trailer that tried to beat the train across a railroad crossing.

\$2,750,000

TRACTOR-TRAILER CRASH/FALLING LOAD

Death of a driver whose car was crushed by a piece of equipment that fell from a flat-bed trailer.

\$2,250,000

TRACTOR-TRAILER CRASH
